

Partai Politik dan Pemilihan Langsung Kepala Daerah: Parsialisasi Ata Konprehensifisasi Demokrasi?

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=119485&lokasi=lokal>

Abstrak

With very little exception ,elected regional chief through direct general election,very often has no enough experience and capability as politician,statesmen,and government manager,and the implication which can be emerged is that the purpose of regional autonomy to build democracy and to increase society prosperity can not be significantly materialized.....
