

Masalah perbatasan Indonesia-Papua New Guinea : perspektif keamanan

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=120614&lokasi=lokal>

Abstrak

What security problems did Indonesia currently face along its borders with Papua new Guinea (PNG)? This research found that the border area of Indonesia's most - Eastern province Papua, which is difficult to be controlled due to its specific topography condition and lack of security apparatus, had potential threats coming from transnational crimes such as illegal logging and fishing , as well as illegal trafficking in persons and separatist movements....
