

Will creating new regions improve the regional welfare equality?

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=122037&lokasi=lokal>

Abstrak

This paper presents a preliminary effort to analyze the relationship between the region creation (pemekaran) and the regional inequality. Using the variation in the human development index (HDI) that has been widely accepted as a measure of human development, this paper confirmed that pemekaran or creation of new regions have caused regional inequality becoming more severe...
