

Adorno's polemic against heidegger : a reconstruction of an intelectual dispute in 20th century Germany

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=127991&lokasi=lokal>

Abstrak

A recurring topic of Theodor W. Adorno's work in the 1950s and 60s is his critique of Martin Heidegger's philosophy. In a number of books and articles Adorno criticizes without let up Heidegger's "ontology"
