

## Pengaruh waktu oksidasi terhadap regangan mikro pada hasil oksidasi gagal pelet sinter UO<sub>2</sub>

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=128415&lokasi=lokal>

---

### Abstrak

The influence of oxidation soaking time on the micro-strain of oxidation product of rejected UO<sub>2</sub> sintered pellet. The possibility of unexpected rejected UO<sub>2</sub> sintered pelet from fabrication process came from, such as crack sintered pellet, the size of pore, unacceptable pellet dimension, therefore those pellet was called rejected sintered pewellet....
