

Penentuan kandungan Sn, Fe, Cr, Ni dan pengotor zircaloy-2 sebagai bahan kelongsong dan tutup ujung elemen bakar reaktor daya

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=128965&lokasi=lokal>

Abstrak

Determination of Sn,Fe,Cr,Ni and-2 impurities as cladding material and end cup of fuel element for power reactor. A measurement of major and poision elements in zircaloy-2 using emission spectrometer and X-Ray Fluorence (XRF) equipment has been conducted. The objective of this investigation is for verifying specification of zircaloy-2 material bu qualitative and quantitative method....
