

Pemeriksaan mikrostruktur, komposisi kimia dan kekerasan hasil pengelasan paduan Al-6061

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=128975&lokasi=lokal>

Abstrak

Microstructure observation, chemical composition and hardness of Al-6061 alloy welding result. The microstructure observation, chemical composition and hardness of Al-6061 alloy welding result has been done. Two Al6061 alloy plates were welded by using GTAW and the Al-4043 alloy as filler...
