

Kondisi kritis lada putih Bangka Belitung dan alternatif pemulihannya

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=129056&lokasi=lokal>

Abstrak

Bangka Belitung (Babel) province is one of the pepper producing areas in Indonesia, particularly for white pepper. Recently, its role however tends to lower indicated by the decreases in cultivation areas and production of white pepper. A number of factors causing the decreases, of production and plated area of pepper in Babel are fluctuation of pepper price, infestation of plants diseases, uncontrolled exploitation of tin mining and and expansion of other estate crops....
