Abstrak

Governance implementation especially in Province of DKI Jakarta as the capital city city the Republic Indonesia as it is arranged in Law Number 29/2007 on Provincial Government of DKI Jakarta of the Capital City of NKRI, adheres one level of local autonomy which is put on provincial level. Thus municipality in Province of DKI Jakarta isn't as an autonomous region as other provinces. It implicates that municipality is only as an administrative region that that has no. Fact shows that the force of Law Number 29/2007 had been implemented at least two and half years and no regulation on the spelling out of it to arrange the change of 'Kotamadya' (municipality) terminologi into Administration City. Therefore, this research found the found the hope of community and governance stakeholders who gave input that Provincial Government of DKI Jakarta together with Local House of Representatives need to conduct formulation on operational policy as the spelling out of the change of the terminology of 'Kotamadya' into administrative city as the spelling out of law Number 29/2007. Only through that way , the meaning of consistency and substance of governance affairs conducted by administrative city can be more appropriate by the characteristic and the meaning of administrative city that don't adhere as an autonomous region load.
