Abstrak

This was the integrated research conducted by Puslitbang Pendidikan Agama dan Keagamaan related to the theme of religious education. In the 2006, covered by the title of Restrukturisasi MAK, in the 2007 by Madrasah Taffa'uh Fiddin, in the 2008, by Profil Alumni Madrasah Aliyah Keagamaan, and in the 2009 covered by Formalisasi Madrasah Diniyah. These research done as a response of the social afraid with the reduction of religious values in the religious education caused by the chance of policies as for in the state or department degree. Those policies sometimes paying less attention to the negative impact and institutional history of the religious education. This occurred especially to the Madrasah Aliyah Program Khusus (MAPK), which have become lost. On the other hand, muslims community protested those policy and hoped to reconstruct this institution. So, this research conducted by mean to explore public opinion whether should be reconstruction of MAPK.
