Abstrak

Tesis ini membahas tentang ketersediaan koleksi bahan ajar berbasis silabus Jurusan Bahasa dan Sastra di Perpustakaan UIN SGD Bandung. Penelitian bertujuan untuk mengidentifikasi dan menganalisis ketersediaan koleksi serta faktor yang mempengaruhi ketersediaan koleksi di Perpustakaan UIN SGD Bandung sesuai dengan daftar bacaan pada silabus bahan ajar mata kuliah utama Jurusan Bahasa dan Sastra. Penelitian bersifat deskriptif dengan menggunakan pendekatan kuantitatif. Analisis data dilakukan dengan menggunakan metode checklist dalam mengukur dan menganalisis data.

Hasil penelitian menunjukkan bahwa koleksi perpustakaan UIN SGD Bandung tidak memenuhi kebutuhan koleksi bahan ajar utama Jurusan Bahasa dan Sastra. Hal ini dikarenakan oleh beberapa faktor, diantaranya yaitu kurangnya koordinasi antara pihak jurusan dengan pihak perpustakaan, dan kebijakan pengembangan perpustakaan diatur oleh pihak rektorat. Peneliti menyarankan agar adanya koordinasi antara perpustakaan, jurusan, dan dosen dalam pengadaan koleksi perpustakaan. Serta adanya kerjasama antara pihak rektorat dengan perpustakaan dalam hal melakukan kebijakan pengembangan koleksi.

.....This thesis is about the availability of learning material collections based on language and literature syllabus in UIN SGD Bandung library. The objective of this research is to identify and analyze collection availability and factors affect the collection availability in the library of UIN SGD Bandung based on reading lists of main subject learning material from language and literature department. This research is descriptive with quantitative approach. Checklist was used to analyze the data in measuring and analyzing it. The result of this research shows that library collection in UIN SGD Bandung could not provide of subject collection necessity of language and literature department. Factors that caused it are the lack of coordination between department and the library, and also collection development policy is set out by the university. The researcher suggests the library that there must be cooperation between university, library, and lectures in collection library acquisition. And also there must be cooperation between university and library in applying collection development policy.
