Abstrak

Skripsi ini membahas tentang pengelolaan transportasi air kuna berdasarkan tinjauan atas sumber-sumber prasasti, khususnya pada abad X sampai XV Masehi di Jawa Timur. Data penelitian diperoleh melalui studi kepustakaan dan lapangan. Data kepustakaan diperoleh melalui penelaahan terhadap sejumlah buku, jurnal ilmiah, naskah asing, dan hasil-hasil penelitian yang berhubungan dengan prasasti-prasasti di Jawa Timur. Data lapangan berupa foto-foto relief candi sebagai pembandingan. Data tersebut dikumpulkan, diolah, dan dikelompokkan berdasarkan aspek-aspek transportasi. Hasilnya berupa gambaran mengenai sistem pengelolaan transportasi air pada abad X sampai XV Masehi di Jawa Timur.

<i>This study discusses about the ancient water transportation management based on inscriptions as its main source, especially in the tenth until the fifteenth century AD in East Java. Informations for this research were obtained from literatures and field observations. Literature informations were obtained through reviews of several books, scholarly journals, foreign manuscripts, and research reports related to the inscriptions in East Java. Field data were obtained through observations by making photographs to use as a comparison. The data were collected, processed, and sorted based on transportation aspects. The result is a description of the water transportation management system in the tenth until the fifteenth century AD in East Java.</i>
