#### Abstrak

##### <b>ABSTRAK</b><br>

Penelitian ini membahas evaluasi pelaksanaan program Unit Pelayanan Kebersihan (UPK) yang dilaksanakan oleh Coroporate Social Responsibility (CSR) PT. Indocement Tunggal Prakarsa, Tbk. (ITP) serta menjabarkan faktorfaktor pendukung dan penghambat pelaksanaan program tersebut. Yang dievaluasi pada penelitian ini dimulai dari perencanaan program, proses pengambilan sampah dari rumah tangga, proses pengolahan sampah menjadi Sorted Municipal Waste (SMW) dan kompos, pengiriman SMW dan kompos ke ITP, pemeliharaan mesin crusher, screen dan kendaraan operasional serta proses monitoring dan evaluasi. Dari hasil evaluasi didapatkan bahwa terdapat beberapa perbedaan pelaksanaan UPK dengan konsep penerapan CSR dan terdapat 4 faktor penghambat dan 2 faktor pendukung pelaksanaan program.
