Abstrak

ABSTRAK

Sertipikat sebagai alat pembuktian yang kuat dalam penerbitannya seringkali membawa akibat hukum bagi pihak yang bersangkutan maupun pihak-pihak yang merasa kepentingannya dirugikan, sehingga tidak jarang terjadi perselisihan yang akhirnya diselesaikan di pengadilan. Sehubungan dengan marak terjadinya sengketa permasalahan tanah yang ada di Indonesia, atas dasar fakta tersebut Penulis berusaha meneliti mengenai kasus tumpang tindih pada Putusan Negeri Nomor : 09/Pdt.G/2011/PN.PLG. Penelitian ini menggunakan metode penelitian hukum normatif, tipe penelitian deskriptif, dan data yang digunakan adalah data sekunder. Analisis data dalam penulisan tesis ini dilakukan menggunakan metode analisis kualitatif.

ABSTRACT

Certificate as a strong admissible evidence instrument, in it is issuance, often brings and created a legal impact for those who being related or those whose interests being jeopardized, therefore many times disputes related to the issuance of a certificate have been recurring and ended in the court for its settlement. In connection with the widespread occurrence of the problem of land disputes that exist in Indonesia, on the basis of these fact the authors tried to examine the case of overlap (overlapping) Decision of District Court of Palembang Number : 09/Pdt.G/2011/PN.PLG. This thesis is using normative-based research method with descriptive research type and the data being used is a secondary data. The data analysis within this thesis' writings is using qualitative analysis method.
