Abstrak

Tesis ini tentang manajemen sekuriti fisik di PT. Indomobil Suzuki International Plant Tambun. Penelitian ini dilakukan di PT. Indomobil Suzuki Intemational Plant Tambun yang terletak di Jalan Diponegoro Km 32 Tambun, Bekasi Kabupaten. Letak perusahaan ini berada dalam wilayah hukum Polsek Tambun. PT. Indomobil Suzuki International Plant Tambun adalah sebuah perusahaan yang bergerak di bidang perakitan sepeda motor dan mobil dengan merek Suzuki yang terletak di Jalan Diponegoro km 32, Tambun, Bekasi, yang memenuhi kebutuhan kendaraan roda dua maupun roda empat di dalam negeri maupun luar negeri. Dalam rangka melindungi aset-asetnya, perusahaan ini telah melaksanakan manajernen sekuriti lisik di lingkungannya dengan membuat bentuk~ bentuk pengamanan fisik berupa adanya petugas Satpam, akses kontrol, adanya barrier, adanya pagar yang mengelilingi lingkungan perusahaan, kunci, alat penerangan, pos jaga untuk petugas Satpam dan alat komunikasi. Narnun pada kenyataannya masih banyak terjadi tindak kejahatan yang dilakukan oleh orang dalam (karyawan perusahaan) maupun pihak luar perusahaan. Kejahatan yang tetjadi di perusahaan ini disebabkan karena penerapan sekuriti fisik yang masih jauh dari ideal.

Dalam penelitian ini, penulis menggunakan metode kualitatif dengan pendekatan manajerial yuridis. Metode yang digunakan untuk pengumpulan data, yaitu dengan melakukan pengamatan, pengamatan terlibat, wawancara berpedoman, kajian pustaka, pemeriksaan dokumen dan audio visual.

Dari hasil penelitian yang dilakukan, ditemukan bahwa pengamanan yang dilaksanakan perusahaan masih jauh dari ideal. Hal ini disebabkan karena jumlah personel yang masih kurang dan keperdulian terhadap keamanan yang masih kurang, belum maksimal penggunaan teknologi modern, sehingga tidak mampu mengamankan seluruh area dan aset-aset perusahaan hingga masih banyak terjadi pencurian baik yang dilakukan oleh orang dalam (karyawan) dan dari pihak luar yang ingin mengambil aset perusahaan secara tidak sah.

Upaya pengamanan area sorta aset pemisahaan sudah dilakukan oleh PT. Indomobil Suzuki Intemtional Plant Tambun, akan tetapi masih kurang maksimal. Saran-saran yang diajukan adalah perusahaan hams membenahi beberapa aspek, yaitu aspek organisasi, aspek sekuriti fisik, aspek lingkungan fisik.

<hr><i>This thesis about the management of the physical security in PT. Indomobil Suzuki Intemational Plant Tambun. This research is carried out in PT. Indomobil Suzuki International Plant Tambun that is located in Street Diponegoro 32 km Tambun, Bekasi the Regency. The location of this company am in the legal territory Sector Police Tambun. PT. Indomobil Suzuki International Plant Tambun is a company that is involved in the assembly of the motorcycle and the car with the Suzuki make that is located in Street Diponegoro 32 km, Tambtm, Bekasi, that satisnes the requirement for the wheel vehicle of two and the wheel of four in the country and foreign.

In order to protect his assets, this company carried out the management of the physical security in his enviromnent by making forms of the physical security take the form of the existence of the official ofthe Security Unit, control access, the existence barrier, the existence of the fence that Over the company's

environment, the key, the information implement, the post guard for the official of the Security Unit and the communications equipment. However in fact still often the act of the crime that is Carried out by the insider happen (the employee of the company) and the company's outsider. The crime that happens in this company is caused because of the application of the physical security who still is far from ideal.

In this research, the writer uses the qualitative method with the managerial approach juridical. The method that is used for the data Collection, that is by carrying out observation, observation is involved, the interview berpedoman, the study of the book, the document inspection and audio visual.

From results of the research that is carried out, is found that the security that is carried out by the company still far from ideal. This is caused because of the number of personnel that still not all that and the interest in the security that still not all that, is not yet maximal the use of modern technology, so as to be unable to pacify all the area and the company's assets through to still often the good theft that is carried out by the insider happen (the employee) and from the outsider who wants to take the company's assets illegitimately. Efforts As well as the company's assets has been carried out by PT. Indomobil Suzuki International Plant Tambun, but still are not more maximal. Suggestions that are put forward are the company must straighten out several aspects, that is the aspect of the organization, the aspect of the physical security, the aspect of the physical environment.
