Abstrak

ABSTRAK

Pelaksanaan monitoring pengajuan angka kredit jabatan fungsional kesehatan di Satkes Denma Mabes TNI masih belum bisa dipertanggung jawabkan keakuratannya, masih ada pejabat pemangku jabfungkes (18 dari 47 orang) yang tidak mengajukan angka kreditnya dalam waktu setahun sekali. Hal ini disebabkan karena belum ada surat perintah kepada atasan langsung untuk memonitor kegiatan pengajuan angka kredit tersebut.

Penelitian ini menggunakan pendekatan kualitatif. Sumber data diperoleh dari informan, dokumen dan fokus grup diskusi. Teknik pengumpulan data yang digunakan adalah wawancara mendalam, observasi langsung, dokumen, dan diskusi kelompok. Pengujian validitas data dilakukan dengan menggunakan teknik triangulasi metode. Ruang lingkup penelitian ini dilakukan di Satkes Denma Mabes TNI Jakarta.

Identifikasi kendala didapat melalui pendekatan masalah sesuai teori pendekatan analisis Organisasi dan Metode (O&M) yang dilakukan terhadap ketersediaan sumber-sumber manajemen yaitu Tenaga, Dana, Bahan, Peralatan dan Dukungan Waktu. Dari hasil penelitian maka perlu dilakukan optimalisasi terhadap sumber-sumber manajemen tersebut.

Saran dari penelitian ini, perlu dilakukan optimalisasi monitoring pengajuan angka kredit, sehingga diharapkan angka kredit yang diajukan dapat mendukung kelancaran dalam kenaikan pangkat dan pada akhirnya memotivasi kinerja yang baik kepada para pemangku jabatan fungsional kesehatan (jabfungkes) untuk memberikan pelayanan kesehatan yang lebih berkualitas di masa yang akan datang.
