Abstrak

Penelitian ini bertujuan untuk melihat kualitas tata kelola yang terdapat di NGO lingkungan yang juga berperan sebagai donor atau grant making organization. Aspek yang dinilai adalah visi misi, struktur organisasi dan pengambilan keputusan, leadership dan regenerasi, perencanaan, implementasi, hingga evaluasi program, personalia, kode etik, pengendalian internal, akuntabilitas dan transparansi, serta legitimasi. Penelitian dilakukan dengan metode studi kasus di Yayasan KEHATI. Hasil penelitian ini menunjukkan bahwa kualitas tata kelola di Yayasan KEHATI sudah cukup baik kecuali di aspek leadership dan regenerasi.

.....This study aims to assess the quality of governance in environmental NGO which also acts as donor or grant making organization. Observed aspects are vision and mission, organizational structure and decision making, leadership and regeneration, planning, implementation, and evaluation of programs, human resource, code of ethics, internal control, accountability and transparency, and legitimacy. The case study was performed using KEHATI Foundation as sample. The outcome of the study indicates that the quality of governance in Yayasan KEHATI is quite good except in leadership and regeneration aspects.
