

Migrant workers in china

Han, Changfu, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20372056&lokasi=lokal>

Abstrak

Contents:

- (1) Presents a comprehensive picture of the issue of migrant workers that has emerged due to China's urbanization.
- (2) Compares the processes of China's migration of labor and population, and its urbanization and industrialization with those of developed and developing countries.
- (3) Examines the social and economic trends regarding China's migrant workers and the impact they have on China's economy and society.
- (4) Proposes the construction of a social support system for migrant workers that will aid China's central government in developing its macroeconomic policy.
