

The politics of bureaucracy : an introduction to comparative public administration

Peters, B. Guy, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20377032&lokasi=lokal>

Abstrak

Written by a leading authority in the field, this comprehensive exploration of the political and policy-making roles of public bureaucracies is now available in a fully revised sixth edition, offering extensive, well documented comparative analysis of the effects of politics on bureaucracy. New to the 6th edition: more international case studies on North America, Western and Eastern European and Asian countries; discussion of how governments have been developing strategies to enhance co-ordination and coherence across their programmes; analysis of the use of performance management in public administration; more tables, case studies and internet links; and extensive revision and updating to take into account the wealth of new literature that has emerged in recent years, including a discussion of E-Governance and analysis of 'new public management'. Drawing on evidence from a wide variety of political systems, The Politics of Bureaucracy continues to be essential reading for all students of government, policy analysis, and politics and international relations."--Publisher's description
