Abstrak

ABSTRAK

Penelitian ini mengenai persepsi, pengetahuan, dan sikap pimpinan FKM UI terhadap K3 di Lingkungan Kampus FKM UI tahun 2014. Kebijakan keselamatan dan kesehatan kerja telah diterapkan di Lingkungan Kampus UI. Akan tetapi, tercatat dua kali kejadian yang mengancam keselamatan di lingkungan kampus FKM UI pada periode januari-april 2014. Penelitian ini dilakukan kepada Pimpinan FKM UI periode 2014-2019 dan membahas mengenai persepsi para pimpinan terhadap K3 menurut karakteristik individu serta pengetahuan dan sikap pimpinan. Penelitian dilaksanakan di Lingkungan Kampus FKM UI, berlangsung selama bulan Mei-Juni 2014. Subjek Penelitian adalah Pimpinan FKM UI dari tingkat Dekan, Manajer, Kepala Unit/Bagian, Kepala Program Studi, Kepala Departemen/ Kelompok Studi, dan Kepala Pusat Penelitian dan Kajian serta Kepala Satuan Pengaman.

Jenis penelitian yang digunakan adalah penelitian semi kuantitatif yang bersifat deskriptif analitik dengan desain cross sectional. Data yang digunakan dalam penelitian bersumber dari data primer dan data sekunder. Setelah dilakukan penelitian, maka dapat diambil simpulan bahwasanya persepsi, pengetahuan, dan sikap Pimpinan FKM UI terhadap Keselamatan dan Kesehatan Kerja di Lingkungan Kampus FKM UI masih dikategorikan kurang baik. Adapun karakteristik individu Pimpinan FKM UI sebagian besar adalah perempuan, berumur kurang dari 46 Tahun, berpendidikan S3, masa kerja kurang dari 20 Tahun, dan tidak pernah mengikuti pelatihan K3.
