Abstrak

Apotek merupakan sarana pelayanan kefarmasian tempat dilakukannya praktek kefarmasian oleh apoteker. Apoteker Pengelola Apotek (APA) harus memiliki kemampuan baik dalam bidang kefarmasian dan manajemen. Praktek Kerja Profesi Apoteker di Apotek Safa bertujuan agar mahasiswa memahami peran Apoteker Pengelola Apotek (APA) dalam kegiatan pelayanan kefarmasian di Apotek dan memahami kegiatan pengelolaan dan administrasi di Apotek. Tugas khusus yang diberikan berjudul Rekapitulasi Penolakan Permintaan Resep Bulan Januari-April 2014 dan Barang Non Resep Bulan April 2014 di Apotek Safa. Tujuan dari tugas khusus ini adalah untuk mengetahui data sepuluh jenis obat resep terbanyak ditolak pada bulan Januari- April 2014, barang non resep terbanyak yang ditolak pada bulan April 2014, omzet yang seharusnya diperoleh jika tidak terjadi penolakan tersebut, jenis barang yang paling sering ditolak serta alasan penolakannya.

<hr><i>Pharmacy is a place for pharmacists to do their pharmaceutical care. The pharmacy is organized by a pharmacist called Apoteker Pengelola Apotek (APA). Apoteker Pengelola Apotek (APA) should have a good ability in pharmacy knowledge and management. Apothecary Profession Internship at Apotek Safa aims to make students understand the role of Apoteker Pengelola Apotek (APA) in the activities of pharmacy service at Pharmacy and understand the management and activities at Pharmacy. A special assignment report which is given has title Recapitulation of Rejection Request of Prescription in January-April 2014 and Non Prescription Goods in April 2014 at Apotek Safa. The purpose of spesial assignment is to determine data ten types of prescription drugs most rejected in January - April 2014, non prescription goods that most rejected in April 2014, the turnover of which should be obtained in the absence of such rejection, the most frequent type of goods rejected and reason for refusal.</i>
