

Television in the antenna age : a concise history /​ David Marc and Robert J. Thompson

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20394642&lokasi=lokal>

Abstrak

The book is peppered with previously unpublished comments from television executives, performers, producers, journalists, clergy, documentarians, and other industry operatives. During the late 1990s, I conducted taped conversations with scores of industry operatives to create a record of their impressions and intentions in the making of American television. Some are quoted directly in the book; many more of them influenced its writing.
