

Greening the financial sector: how to mainstream environmental finance in developing countries

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20396876&lokasi=lokal>

Abstrak

This book provides a blend of well-founded professional and scientific perspectives on the potential of Environmental finance in developing and transition countries. All institutions and the clients they serve will be affected by the changing climate. In this new reality, green finance will not be a luxury, but a way of meeting clients' needs effectively and doing sound business. ;
