Project management simulation with PTB project team builder

Shtub, Avraham, author

Deskripsi Lengkap: https://lib.ui.ac.id/detail?id=20397035&lokasi=lokal

----

Abstrak

Based on a cutting-edge software tool, this volume provides a new approach to the teaching and training of project management. Developed at Technion, the Project Team Builder (PTB) applies recent developments in the area of learning histories to concepts in simulation-based teaching. ;Based on a cutting-edge software tool, this volume provides a new approach to the teaching and training of project management.
