

Socio-cybernetic study of God and the world-system

Choudhury, Masudul Alam, 1948-, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20399126&lokasi=lokal>

Abstrak

"This book investigates morality in a socio-scientific worldview, examining the epistemology of existence in conjunction with Islamic monotheistic law to generate a world-system that governs action and reaction in the context of a variety of cognitive and social environments"--
