Abstrak

This volume explores the important nature of the relationship between fieldwork, analysis, and interpretation. Containing contributions from a diverse group of archaeologists, both academic and professional, from Europe and the Americas, it critically analyzes accepted practices in field archaeology, and provide thoughtful and innovative analysis of these procedures. By combining the experiences of both academic and professional archaeologists, Reconsidering archaeological fieldwork highlights key differences and key similarities in their concerns, theories, and techniques. This volume will incite discussion on fundamental questions for all archaeologists, both old and new to the field.
