

Religion, spirituality and everyday practice

Giordan, Giuseppe, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20400775&lokasi=lokal>

Abstrak

This book seeks to examine the possible meanings and consequences associated with this contrast in terms of the similarities and differences that affect those who use these terms with respect to the everyday practices that they themselves employ or believe should follow from being self-defined as “religious” or “spiritual”, or not. The several chapters in this volume take up the religious-spiritual contrast specifically through investigations into practice.
