

Climate impacts on the Baltic Sea : from science to policy : School of Environmental Research-organized by the Helmholtz-Zentrum Geesthacht

Reckermann, Marcus, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20401964&lokasi=lokal>

Abstrak

The chapters in this book are based on lectures given at a summer school on the Baltic Sea island of Bornholm in the summer of 2009. They cover a range of topics, spanning from detailed descriptions of political agreements that protect the marine environment, to basic modelling instructions, to an assessment of the possible impacts of climate change on the marine ecosystem, to a reflection on the role of climate scientists and their responsibility in society.
