[ABSTRAK

Tulisan ini mendeskripsikan tentang proses reproduksi identitas keluarga muslim Jawa. Dalam kasus ini, tulisan ini menjelaskan bagaimana keluarga muslim Jawa mengadopsi konsep 'bani' dari budaya Arab. Konteks sosial fenomena sosiologi ini adalah komunitas lokal di Jatibarang. Sebagian besar anggota komunitas adalah muslim dan sebagian besar mereka berafiliasi NU. Bani Ma'shum sebagai keluarga muslim Jawa melakukan tiga strategi untuk mereproduksi identitas mereka dalam arena sosial keagamaan, politik, dan ekonomi. Tulisan ini menggunakan metode kualitatif untuk menjelaskan ketiga strategi yang dilakukan oleh Bani Ma'shum. Konsep yang digunakan adalah konsep Bourdieu tentang habitus, arena, dan modal.

Temuan dari tulisan ini adalah mengungkapkan Bani yang mengidentifikasi keluarga muslim Jawa dalam dua hal, pertama meningkatnya kesadaran para anggota komunitas Bani Ma'shum sebagai keluarga besar. Kedua status sosial Bani Ma'shum diakui oleh masyarakat Jatibarang sebagai komunitas yang memiliki pengaruh besar dalam arena sosial keagamaan, politik, dan ekonomi. Dalam arena sosial keagamaan, strategi mereka menjadi pengurus masjid dan mushalla, guru ngaji, guru madrasah, dan penceramah di masjid. Arena ekonomi dan politik adalah reproduksi eksternal Bani Ma'shum. Sebagian besar Bani Ma'shum adalah pedagang dan menjadi identitas mereka dalam berinteraksi dengan masyarakat Jatibarang lainnya. Dalam arena politik, para sesepuh Bani Ma'shum cukup didengar dan disegani dalam pemilihan calon lurah dan pemilihan calon anggota legislatif. Aktivitas yang dilakukan oleh Bani Ma'shum untuk memperkuat identitas mereka adalah acara haul dan halal bihalal, pengajian ibu-ibu jam'iyah sabtunan, dan pengajian bapak-bapak jam'iyah mudzakaroh.
