## Abstrak

[<b>ABSTRAK</b><br>

Tesis ini membahas tentang resosialisasi pentolan tawuran pelajar menjadi agen perdamaian yang dilakukan oleh organisasi CERIC FISIP UI sebagai salah satu upaya untuk menangani konflik tawuran pelajar di Jakarta. Konflik tawuran pelajar di Jakarta merupakan salah satu bentuk permasalahan sosial di Jakarta. Berbagai upaya telah dilakukan untuk menangani konflik tersebut namun belum ada yang melakukan dengan cara resosialisasi. Berdasarkan kajian terdahulu diketahui bahwa konsep resosialisasi digunakan untuk menangani permasalahan terhadap pecandu narkoba ataupun terhadap Pekerja Seks Komersial (PSK). Oleh karena itu pada penelitian kali akan dilihat bagaimana resosialisasi digunakan oleh organisasi CERIC FISIP UI untuk menangani permasalahan tawuran pelajar di Jakarta. Penelitian ini dilakukan dengan pendekatan kualitatif dengan jenis studi kasus agar dapat mendapatkan gambaran cara organisasi CERIC FISIP UI dalam melakukan resosialisasi terhadap pentolan tawuran pelajar. Sumbangan yang dapat diberikan dari penelitian ini yaitu bahwa upaya untuk menangani permasalahan tawuran pelajar bukan hanya dapat dilakukan oleh pemerintah atau aparat hukumnya namun dapat dilakukan oleh organisasi non pemerintah seperti CERIC FISIP UI yang memang berfokus pada upaya resolusi konflik. Selain itu, konsep sosiologis resosialisasi dapat digunakan untuk menjadi salah satu alternatif cara untuk menangani permasalahan tawuran pelajar di Jakarta.

<b>ABSTRACT</b><br>

The thesis discusses the resocialization frontman student brawls become agents of peace conducted by the CERIC FISIP UI organizations as one way to handle conflict student brawls in Jakarta. Conflict student brawls in Jakarta is one form of social problems in Jakarta. Various attempts have been made to solve the conflict, but no one has done by way of resocialization. Based on previous studies it is known that the concept of resocialization used to deal with the problems of the drug addicts or against commercial sex workers (CSWs). But no one has used this sociological concept to handle student brawls. Therefore, the study will look at how resocialization used by CERIC FISIP UI Organization to handle the

problem of student brawls in Jakarta. This research was conducted with Qualitative approach to the type of case studies in order to get an idea of how the CERIC FISIP UI organization in doing resocialization against frontman student brawls. Contributions can be given of this study is that efforts to choice the problems brawl students not only can be done by the government or legal authorities, but can be done by non-governmental organizations such as CERIC FISIP UI that is focused on conflict resolution. In addition, the concept of sociological resocialization can be used to be an alternative way to deal with problems in Jakarta student brawls.;
