

Resilience practice : building capacity to absorb disturbance and maintain function

Walker, Brian, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20405574&lokasi=lokal>

Abstrak

The book begins with an overview and introduction to resilience thinking and then takes the reader through the process of describing systems, assessing their resilience, and intervening as appropriate. Following each chapter is a case study of a different type of social-ecological system and how resilience makes a difference to that system in practice. The final chapters explore resilience in other arenas, including on a global scale.
