

Sustainable rural and urban ecosystems : design, implementation and operation : manual for practice and study

Geller, Gunther, editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20405648&lokasi=lokal>

Abstrak

The ecosystem-approach is holistic and integrative, encompassing various disciplines like architecture, landscape architecture, environmental engineering, social sciences, life sciences, ecology, and management. It also considers issues such as energy-savings, ecological cycles, reuse, natural resources, socio-cultural background, real participation, and holistic quality management.
