

Global risk-based management of chemical additives I : production, usage and environmental occurrence

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20405758&lokasi=lokal>

Abstrak

This book is the first of the two volumes and contains two main parts. The chapters of the first part provide a thorough review of the chemical additives used in the textile, plastics, lubricants, paper, leather and electronics industries, and describe the effect of each additive on the properties of the product. In the second part international case studies on the global trade of these chemicals and their impact on human health and the environment are presented.
