

Mining text data

Aggarwal, Charu C., editor

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20407655&lokasi=lokal>

Abstrak

This book contains a wide swath in topics across social networks & data mining. Each chapter contains a comprehensive survey including the key research content on the topic, and the future directions of research in the field. There is a special focus on text embedded with heterogeneous and multimedia data which makes the mining process much more challenging. A number of methods have been designed such as transfer learning and cross-lingual mining for such cases.
