

Nutritional epidemiology of breast cancer

Ronco, Alvaro Luis, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20410803&lokasi=lokal>

Abstrak

The book is the first one published exclusively on the field of nutritional epidemiology of breast cancer. It summarizes the currently existing knowledge, with an updated and comprehensive international bibliography (~ 1.000 references). The authors also performed a review on the epidemiological studies on nutrition and breast cancer carried out in Uruguay between 1994 and 2011, which allowed exploring and identifying the main risk and protective factors for the disease in this high-risk country.
