[ABSTRAK

Per 1 Januari 2015, pemberi kerja diwajibkan untuk mendaftarkan tenaga kerjanya pada program JKN. Terdapat sanksi bagi badan usaha yang melanggar peraturan tersebut. Sebagian besar badan usaha mendaftarkan JKN dikarenakan peraturan pemerintah yang mewajibkan untuk mendaftarkan. Penelitian ini bertujuan untuk mengetahui gambaran karakteristik dan persepsi peserta badan usaha di BPJS Kesehatan KCU Bekasi terhadap penyelenggaraan program JKN. Penelitian menggunakan metode kuantitatif dengan pendekatan cross sectional yang dianalisa secara univariat, jumlah sampel sebanyak 75 responden badan usaha yang diambil secara purposive sampling. Karakteristik responden badan usaha, paling banyak didominasi oleh badan usaha yang berasal dari sektor industri pengolahan (44%), jumlah tenaga kerja > 99 orang (62,7%), upah tenaga kerja seluruhnya dibayar sesuai dengan UMK (44%), lama kepesertaan pada program JKN ≥ 8 bulan (57,3%), tenaga kerja sudah seluruhnya didaftarkan (56%), dan sudah memiliki asuransi kesehatan sebelum JKN (86,7%). Sedangkan persepsi badan usaha dilihat dari 5 aspek yakni persepsi terhadap peraturan JKN, kepesertaan JKN, kontribusi iuran, pelayanan kesehatan, dan prosedur pendaftaran. Hasil penelitian menunjukkan 5,3% badan usaha dengan persepsi kurang; 77,3% dengan persepsi cukup; dan 17,3% dengan persepsi baik. Beberapa hal yang masih perlu ditingkatkan seperti sosialisasi, pelayanan medis pasien JKN, dan pelayanan di BPJS Kesehatan.
