Abstrak

[**ABSTRAK**]

Kondisi human security bagi perempuan dan anak, maupun ketahanan keluarga rentan tidak terpenuhi dalam perkawinan siri. Penelitian kualitatif ini mencoba untuk mengetahui bagaimana persepsi dan bagaimana bentuk perlindungan yang diberikan negara dalam mengatasi dampak yang timbul dari perkawinan siri. Melalui wawancara mendalam yang dilakukan dengan institusi negara di bidang kependudukan, perkawinan, perlindungan perempuan dan anak, diketahui bahwa negara melarang perkawinan siri karena tidak memiliki kekuatan hukum yang membuat negara sulit untuk dapat melakukan perlindungan. Isbat nikah menjadi solusi untuk memperoleh status perkawinan yang sah, sehingga perempuan dan anak dapat memperoleh haknya sebagai anggota keluarga, sebagai warga negara, mencapai kondisi human security, dan ketahanan keluarga.
