Abstrak

[**ABSTRAK**]

Tesis ini meneliti tentang kebijakan akses ke repositori institusi di UPT Perpustakaan Universitas Negeri Malang (UM). Penelitian ini bertujuan untuk menganalisis kebijakan akses dan aksesibilitas ke repositori institusi di UPT Perpustakaan UM, hambatan penerapan akses terbuka, serta pandangan pemangku jabatan terhadap repositori institusi akses terbuka. Metode yang digunakan adalah studi kasus dengan pendekatan kualitatif. Pengumpulan data dilakukan dengan observasi, wawancara, dan analisis dokumen. Hasil penelitian menunjukkan bahwa terdapat resistensi dan perbedaan pandangan antar pemangku jabatan terhadap repositori institusi akses terbuka berdampak pada kebijakan akses dan aksesibilitas ke repositori institusi, bahwa dalam rangka perlindungan karya akademik diterapkan pembatasan akses yang secara eksplisit belum ada payung hukumnya. Pembatasan akses tersebut berimbas pada pengguna dan visibilitas lembaga induk yaitu timbulnya komplain dari pengguna perpustakaan yang mayoritas generasi digital dan menurunnya peringkat universitas di Webometrics.

ABSTRACT

This thesis examines access policy to institutional repository in State University of Malang Library. This study aims to analize access policy and accessibility to institutional repository, barriers to adoption of open access, as well as the views of stakeholders to open access institutional repository. The method used is the case study method with qualitative approach. Data was collected by observation, interviews, and document analysis. The result shows that the resistance and disagreement among the stakeholders toward open access institutional repository affect the access policy and accessibility to institutional repository. In protecting academic work, access restrictions which is explicitly does not have legality is applied. The access restriction affects users and visibility of institution. It generates complaints from library users most of whom are digital generation. The restriction also declines the university rank in Webometrics., This thesis examines access policy to institutional repository in State University of Malang Library.
