Abstrak

[**ABSTRAK**]

Penelitian ini bertujuan untuk mengetahui pengaruh budaya organisasi The Telkomsel Way terhadap employee engagement. Penelitian ini menggunakan sub variabel budaya organisasi sesuai dengan Organizational Culture and Effectiveness dari Daniel R. Denison dan Aneil K. Mishra yang terdiri dari involvement, consistency, adaptability dan mission terhadap sub variabel employee engagement sesuai dengan Utrecht Work Engagement Scale dari Wilmar Scaufeli dan Arnold Baker yaitu vigor, dedication, dan absorption. Pengumpulan data menggunakan kuesioner yang diberikan kepada pegawai PT Telekomunikasi Selular yang berada di kantor pusat. Analisis data menggunakan bantuan SPSS 20 dengan metode General Linier Model (GLM). Hasil penelitian ini menunjukkan bahwa semua sub variabel budaya organisasi secara bersama-sama memiliki pengaruh terhadap sub variabel employee engagement yaitu vigor sebesar 95.5%, dedication sebesar 94.7%, dan absorption sebesar 95.3%. Sub variabel involvement, consistency, dan adaptability masing-masing memiliki pengaruh yang signifikan positif terhadap keseluruhan sub variabel employee engagement. Sedangkan sub variabel mission memiliki pengaruh yang signifikan negatif terhadap keseluruhan sub variabel employee engagement.
