Abstrak

[ABSTRAK
 Dalam dunia kerja maupun sehari-hari, bekerja sama dengan orang lain adalah factor penting untuk mencapai target ataupun kesuksesan. Tesis ini bertujuan untuk menganalisa keefektifan kerja berkelompok dalam suatu kepanitiaan. Analisa ini juga bertujuan untuk mengaplikasikan teori pada praktek. Hal-hal seperti struktur kelompok, cara kerja, konflik, teknik kelompok, dan kesimpulan beserta apa saja yang saya pelajari dari tesis ini. ABSTRACT In working environment and daily life, working with others is an important factor for achieving targets or success. This thesis aims to analyze the effectiveness of the working groups in a committee. This analysis also aims to theory to practice. The thesis will examine group structure, ways of working, conflict within group, group technique, and conclusion along with things I learned from this analysis., In working environment and daily life, working with others is an important factor for achieving targets or success.
