

Lactoferrin and its role in wound healing

Takayama, Yoshiharu, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20417861&lokasi=lokal>

Abstrak

Lactoferrin is an iron-binding glycoprotein belonging to the transferrin family. It acts as a defense in host animals against microbes and viruses, since it has a broad spectrum of antimicrobial and antiviral activities. This title explores research in the field.
