

Pharmacotherapy a pathophysiologic approach

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20417912&lokasi=lokal>

Abstrak

Pharmacotherapy: A Pathophysiologic Approach is written to help advance the quality of patient care through evidence-based medication therapy derived from sound pharmacotherapeutic principles. The scope of this trusted classic goes beyond drug indications and dosages to include the initial selection, proper administration, and monitoring of drugs. You will find everything you need to provide safe, effective drug therapy across the full range of therapeutic categories. This edition is enriched by more than 300 expert contributors, and every chapter has been revised and updated to reflect the latest evidence-based information and recommendations. Important features such as Key Concepts at the beginning of each chapter, Clinical Presentation tables that summarize disease signs and symptoms, and Clinical Controversies boxes that examine the complicated issues faced by students and clinicians in providing drug therapy make this text an essential learning tool for students, patient-focused pharmacists, and other health care providers.
