

Advances in non-linear modeling for speech processing

Holambe, Raghunath S., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20418336&lokasi=lokal>

Abstrak

Non-linear aeroacoustic modeling approach is used to estimate the important fine-structure speech events, which are not revealed by the short time Fourier transform (STFT). This book includes advanced topics in non-linear estimation and modeling techniques along with their applications to speaker recognition.
