

Wilkinson and Stone atlas of vulvar disease

Wilkinson, Edward J., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20418453&lokasi=lokal>

Abstrak

Designed for quick, easy reference in the office or clinic, Atlas of Vulvar Disease is a robust pictorial and textual guide to the diagnosis, treatment, and management of vulvar diseases. Written by Edward J. Wilkinson, MD, a professor of pathology and expert in gynecologic pathology, and I. Keith Stone, MD, a professor of obstetrics and gynecology, this atlas is a must-have resource for both clinicians and pathologists focused on women's health. Organized by dermatologic findings, Atlas of Vulvar Disease presents a complete overview of diseases within each broader topic area. Each disorder includes a definition, general features, clinical presentation, microscopic features, differential diagnosis, clinical behavior and treatment, and progressive therapeutic options, to guide the diagnosis and treatment of various vulvar diseases.
