Leadership is the most overanalyzed, thoroughly dissected, and utterly confused topic in business. In *Leaders Open Doors*, author Bill Treasurer helps lighten the leadership load by distilling that leaders are simply creators of opportunity for others. Using personal stories and anecdotes, Treasurer presents the idea of open-door leadership—that is, the responsibility that leaders have for noticing, identifying, and creating opportunities for the benefit of people, organizations, and society. Each chapter includes useful and specific tips that can immediately be put into practice
