

Perempuan merawat air, tanah dan keluarga : kajian dampak tambang pada SRHR (sexual and reproductive health and rights)

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420397&lokasi=lokal>

Abstrak

Women at Air Sugihan are unique. They are able to sustain life under harsh natural conditions. Red swamp water, uncultivated peat lands, ashes from the burned forest as a result of simple and cheap land clearing technique; as well as debt ...
