

Frames and locales : topology without points

Picado, Jorge, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20420492&lokasi=lokal>

Abstrak

With a wealth of unpublished material and useful appendices on the background, this is the first monograph on the topic for more than two decades and is intended to bridge the time span between Johnstone's 1983 paper Stone Spaces and current theory.
