

Operative gynecology

Rock, John A., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20424899&lokasi=lokal>

Abstrak

One of the leading gynecologic surgery references for 60 years, TeLinde's Operative Gynecology is now in its revised Tenth Edition. In this new edition, TeLinde's leads the field with bold initiative in its first attempt to synthesize the best way for surgical procedures. This classic text is rooted in the Johns Hopkins tradition of gynecologic surgery, but now includes 75 contributors, for a broader, more complete presentation of national and international practices.
