

Practical manual of in vitro fertilization : advanced methods and novel devices / Zsolt Peter Nagy, Alex C. Varghese, Ashok Agarwal, editors

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20426401&lokasi=lokal>

Abstrak

The practical manual of in vitro fertilization : advanced methods and novel devices is a unique, accessible title that provides a complete review of the most well-established and current diagnostic and treatment techniques comprising in vitro fertilization. Throughout the chapters, a uniform structure is employed, including a brief abstract, a keyword glossary, a step-by-step protocol of the laboratory procedures, several pages of expert commentary, key issues of clinical concern, and a list of references. The result is a readily accessible, high quality reference guide for reproductive endocrinologists, urologists, embryologists, biologists and research scientists. The Manual also offers an excellent description of novel procedures that will likely be employed in the near future.
