

## Horizon: archimedes' secret

Stevenson, Juliet

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20428549&lokasi=lokal>

---

### Abstrak

A collections of works by the brilliant Greek mathematician Archimedes, which previously had been cut up and written over to form a medieval prayer book, is being painstakingly restored. Scientists in a Baltimore museum are using cutting-edge techniques to unlock the secrets of this time capsule of knowledge.
